

CEMO Petrol KS-Mobile Easy 330 litre Premium with 12v pump and hose reel

Manufactured by CEMO this petrol dispensing tank is ideal for dispensing small quantities of petrol for refuelling equipment and plant on a single site. This petrol dispenser is often used on Construction sites and Agricultural properties to fill petrol-driven equipment.

This Premium product not only offers a more convenient method of filling large plant and equipment by utilising a 10m hose reel but is also mounted to a sturdy galvanised steel base which allows it to be easily moved around by using a forklift from all four sides.

Benefits:

- Suitable for use under ADR 1.1.3.1c for single-site refuelling by a person in the course of their main business
- Certified for transport under ADR D/BAM 15862/31H2
- 10m hose on a hose reel
- 10m earthing conductor with terminal clamp
- Sturdy galvanised steel base with 4 way forklift access
- Single-walled container constructed from high-density electrically conductive polyethylene to eliminate static.
- Lockable hinged lid with support stays
- Flashback arrestor
- Integral vent and pressure relief
- Contents gauge
- Filler neck and fill cap
- Electric ATEX 12v 25 l/min pump
- Automatic shut off nozzle
- Integral nozzle holder

Specification:

Model:	11361
Capacity (Litres):	330
Length (mm):	1440
Width (mm):	800

Height (mm):	670
Empty weight (kg):	84
Warranty:	12 Months
Hose length (m):	10
Nozzle:	Automatic
Pump:	12v 25L/min
Bunded:	No
